## RELIGIOUS MATTERS.

A Mazarin Bible sold in London for \$3,000.

Rev. R. B. Mahony will preach at Preachersville at 11 A. M. Saturday and Sunday.

At Kansas City, a religious enthusiast cried: "I am homesick to see Jesus," and then dropped dead.

Southern Presbyterian collections for November will be directed to the education of young ministerial students.

Lacy Moffett, of Central University, has become college secretary for Kentucky, of the students' volunteer movement.

It is said that Mrs. Mary E. Rogers, who died recently in Hardin county, had read the Bible through more than a hundred times.

Rev. Carter Helm Jones held a two weeks' revival at his church, the Broadway Baptist, in Louisville, and had 39 confessions.

A little girl became very indignant with her Sunday school teacher when he told her as she said: "You can not serve God and mamma."

The Freedman's Aid society, of the Methodist church, spent over half a million dollars for benevolences and schools, during the fiscal year just ended.

Dr. Geo. S. Savage, for many years American Bible Society superintendent for Kentucky and Tennessee, has written a book on the Bible work in these States.

A. L. Chapman and wife, of Chicago, have been sent by the Christian church foreign missionary society, of Cincinnati, to Constantinople, Turkey, as missionaries.

Rev. W. J. Holtzclaw's meeting at the Baptist church at Pineville had five additions by confession and baptism, and they were baptized in the Cumberland river in the presence of 2,000 people.

The Christian church will dedicate its handsome new place of worship at Smith's Chapel, Adair county, next Sunday. Elders Z. T. Williams and N. W. Proffitt will be there to assist in the dedicatory services.

Rev. George P. Taubman recently held two meetings—one at Poplar Plains with 29 additions and one at Mt. Olivet with eight. The Mayslick church, of which he is pastor, will engage in a meeting some time this month.

Elder John S. Sweeney, pastor of the Paris Christian church for 28 consecutive years, announced his resignation, as the congregation was about to vote for the election of a pastor. He said he would state his reasons later.

Pastor W. E. Foster writes: "Our meeting at Glencoe closed Thursday night with 36 additions, 31 by baptism and six by letter. We received one from the Reformers and four from the Methodists, one sister 62 years old and another 56."—Western Recorder.

Pastor W. M. Kuykendall writes to the Baptist Recorder from Marksburg: "I assisted Pastor A. J. Pike in a meeting of ten days at Gilead church, Madison county. Results, 12 additions, 8 by baptism, 3 restored, 1 by letter. Bro. Pike has been pastor of Gilead nine years. He knows how to preach the old-fashioned Gospel. His people think a great deal of him. He has two Sundays vacant. I hope some good church will call him for half his time."

Some time in January the celebration of the 100th anniversary of Kentucky University at Lexington, will take place. The occasion promises to be a most memorable one in every respect. Kentucky University, formerly Transylvania University, has a reputation which is world-wide. Before many of the institutions of learning began to spring up in this country, Transylvania University had the reputation of being the finest institution of its kind west of the Allegheny mountains.

## POLITICAL POINTS.

The Lexington Argonaut has suspended.

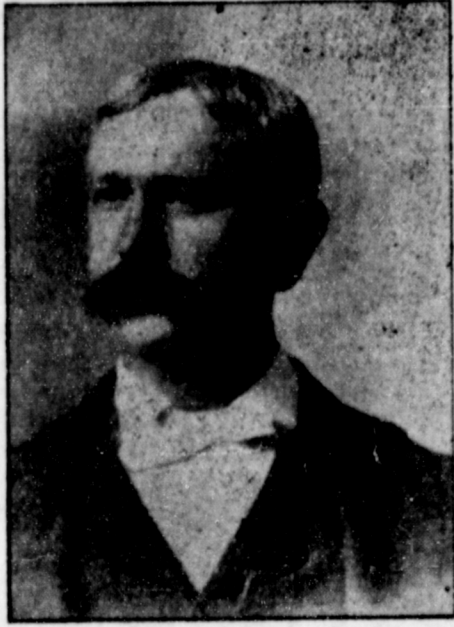

A dispatch from Frankfort says a gubernatorial boom awaits Col. Castleman on his return to Kentucky.

In response to a request for an interview before the election, Col. Bryan refused, saying he had military lockjaw.

J. Sterling Morton is another one of them that ought to be in hell. He voted the straight republican ticket Tuesday.

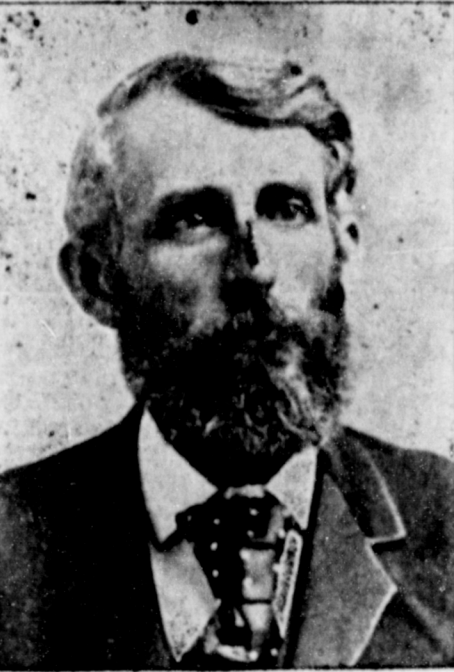

"Catfish-mouth Taylor, or Hog-foot Finley, or some other republican of equal brains and prominence," is the way editor Richardson, of Glasgow, himself a State official, talks of our Attorney General and Secretary of State.

"I can give you a bit of information that you may regard as reliable. Ex-Gov. John Young Brown will announce himself a candidate for the gubernatorial nomination within the next week or 10 days. My authority is Col. Headley, who you know was Secretary of State in Gov. Brown's cabinet.—Judge Kincaid in Cin. Enquirer.

HON. C. F. GILBERT.

CONGRESSIONAL DEMOCRATIC VICTOR.

THE VANQUISHED,  
WHO RAN ONCE TOO OFTEN.

## WAR ECHOES.

The 24 Missouri and the 100th Indiana have left Lexington for the Southern camps.

Louisville is preparing for a three days' welcome to the Legion on its return from Porto Rico.

About 50 men from the Second Kentucky, which was recently mustered out, have enlisted in the regular army. It is understood in Washington that the president will promote Col. Castleman and give him a brigadier general's commission.

"The Service Men of the Spanish War" is a society which has been organized by the soldiers at Lexington. It is similar to the G. A. R. organization.

Rear Admiral Schley has been relieved by the arrival of Commodore Snow at San Juan, and will start for the United States on his flagship, the Newark.

Gen. Sanger appointed Capt. Noel Gaines, of the 3d Kentucky, provost marshal for that portion of the 24 division which will be located Columbus, Ga., in the near future.

Lunsford P. Vandell, the only male member of the distinguished Louisville family, has been honorably discharged. He belonged to the Louisville Legion, now doing duty in Porto Rico.

Secretary Long has received confirmation of the report that the Maria Teresa is ashore on Cat Island, and has ordered a repair ship and a wrecking tug to go to the scene at once.

Capt. B. B. Golden and Second Lieut. John Nolan, both of Co. L, have tendered their resignations to Col. Colson, and he has forwarded them to Washington. Both are from Knox county.

Over a thousand acres of sugar land in the province of Matanzas, planted with sugar cane and fruit for the first time in three years, have been overflooded by heavy rains, adding to the misery of the inhabitants.

Wm. Kane, the soldier of the Third Kentucky, who shot and killed Mollie McClure in Lexington, was dismissed from the charge of murder preferred against him. The proof indicated that the killing was accidental.

The 3d regiment will stop off two hours at Bowling Green Saturday, en route to the new camp in Georgia, and the people will give them a royal reception. Several hundred men of the regiment and most of the officers live in Bowling Green and Warren county.

## A SURE SIGN OF CROUP.

Hoarseness in a child that is subject to croup is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough has appeared, it will prevent the attack. Many mothers who have croupy children always keep this remedy at hand and find that it saves them much trouble and worry. It can always be depended upon and is pleasant to take. For sale by Craig & Hoeker, Druggists, Stanford.

## MIDDLEBURG.

Cambell Lucas died at his home near Mt. Olive Monday night, aged 65 years. He was a pensioner at the rate of \$72 per month.

Those rascals who have piled their hands cutting bridges, harness and saddles, and at other deviltry at the Green River church for several years, have been getting in their work at the Methodist church since the meeting began. Chas. Baxter and D. G. Elliott have suffered at their hands, and there are steps being taken to apprehend the guilty ones.

Carl Langlitz, an old German at Grove, who is said to be a bad man from Bitter Creek, had some words Sunday with Geo. Elmore over some fodder. That night while Mr. E. was feeding his horses, the old German came out with his pistol and fired, the ball passing near Mr. Elmore's head. Langlitz went the next day and armed himself with a shot gun, and there may be more shooting.

The meeting at the Methodist church closed Tuesday night after running over two weeks. It is generally conceded that the meeting has resulted in good to the community. Members of other churches seem to have been benefited as well as those of the Methodist church. Johnson and wife went to Liberty Wednesday to conduct a temperance meeting and will go to Washington county to commence a meeting on the 14th. There were several conversions and sanctifications during the meeting here, and it is hoped that the good accomplished will be lasting.

T. S. B.

Corn is not nearly so badly damaged as thought. The wheat acreage is larger than usual.

Mrs. Judie Taylor, wife of William Taylor, an old Federal soldier of Yosemite, died Thursday after a lingering illness of several days. The interment took place in the Middleburg cemetery Friday evening.

There would not be any doubt as to the way the soldiers of the late war in Casey would have voted if they were only of age, but there is only one we know of that was old enough to mark a ballot. Casey has some eight or 10 democrats in Porto Rico and two in Cuba.

Breer Johnson and wife are still holding forth at the M. E. church and large audiences are present each day and night service. There have been several conversions and sanctifications. Rev. F. Grider was present Friday night being on his way to Russell Springs. Rev. F. L. Creech is holding a protracted meeting at Russell Springs and Grider is assisting him.

## TEACHERS' MEETING.

The Lincoln county teachers' association met at Crab Orchard, Saturday morning, Nov. 5. Owing to the inclemency of the weather, very few teachers were present, and the meeting was adjourned till 1.30 P. M., when an interesting program was carried out. Mr. McWhorter delivered the welcome address which was thoroughly appreciated by all. Supt. Singleton responded, making an excellent talk. Mr. Milton Elliott's paper on "The Dawn of the New Day" in which he compared the schools of 25 years ago, with those of today, was very much enjoyed. The association is always glad to listen to Dr. Doores, who is ever ready to aid in all matters pertaining to education. His lecture on Physiology was very fine. Little Miss Ida Rinehart completely captivated the audience with the recitation of "The Elf Child." Considering the bad weather, much interest was manifested by the good people of Crab Orchard. The association looks forward to institute week which will be spent in that hospitable little town.

GEORGIA LEWIS, Sec'y.

Perfumed tablets have taken the place of sachets with the fashionable and the uninitiated might mistake an up-to-date woman for a walking medicine chest. The tablets or pills are the concentrated perfume of flowers. They give just that faint, delicate suggestion of fragrance desired by the refined woman. In form they are most convenient, as they are so small there is always room for them everywhere. In addition to being slipped in the belt and hidden away in the corsage they are sewed in the lining of the hat. These tablets can be bought in violet, heliotrope, white lilac and peau d'Espagne.

Editor Woods serves notice on Editor Tipton that he is wholly responsible for all that he has written, he reiterates it all, he retracts not a syllable. He will be at his customary place of business at usual hours, and will not necessitate his slapping anybody else in this matter. "You can read. Please read aright."

A Havana newspaper has been suspended and its editors imprisoned for publishing an article attacking the United States against the orders of the censor.

## MATRIMONIAL MATTERS.

Mr. and Mrs. Joe Ray celebrated their golden wedding at Edmonton.

H. W. McKinney, of Winchester, and Miss Hallie Boggs, of Madison, were married Tuesday.

Because his wife said she did not love him, John Victor, of Muhlenburg county, tried to end his life with poison.

Thomas C. Bradley, a Hardin county farmer, after a quarrel with his wife, was found dangling at the end of a plow-line.

Samuel Ashby, on his 78th birthday, last week, at Sebree, was congratulated by 61 children, grandchildren, and great-grandchildren.

Gov. James B. Givens is to be married about the 1st of December at Tacoma, Wash., to Mrs. Esther K. Gentry, of Michigan City, Ind.

William Smith, of Chaplain, O., wants a divorce because his wife persists in attending parties and balls and makes him stay at home and attend to the children.

J. W. Smiley, a widower of 44, and Mrs. Julia Rutledge, a widow of 25, came up from Casey and after securing a license, went to the home of the groom and were married.

George Lout, an insane Oklahoma farmer, killed his wife with an ax and attempted to kill his three children, but was deterred when one of them awoke. He then cut his throat.

While two other men have married their mothers-in-law in Kentucky in the last week, another killed his and is hiding in a straw stack. John Franklin, the Barren county murderer, is said to have been located in one.

Martha Jones, aged 18 years, of Letcher county, was slain by her lover, Charles Combs, 23, in a fit of jealousy, the murder being committed with a pocket knife with which the maddened man cut the girl's throat from ear to ear.

William Dickerson and Miss Belle Ison and Sidney Poor and Miss Alice Ison were married Wednesday at Bryansville. The brides are sisters and very beautiful. They are related to Col. John W. Poor, the big cattle man of that section.

A Chicago man advertised for a "companion" to accompany him and family to Europe and over 200 women responded. The experience of one tells the story of all. She said: I answered the "ad." He said he would marry me. We went to the Clifton House and there registered as man and wife. The wedding was set for this morning. He obtained my jewelry and \$125, all I had. I waited until the hour of the ceremony, and then a friend told me I was duped.

A romantic marriage took place at the parsonage of the Central Christian church, when J. E. Batten and Miss Hanna Ball were married by Rev. I. J. Spencer. They both came from England. Mr. Batten has been here several years and has prospered in business. He left his sweetheart behind, with the promise that when saved enough money for them to live on, he would send for her and they would get married. Accordingly he sent for her a short time ago, and she arrived about two weeks since, and has been staying at his brother's in the country.—Winchester Democrat.

## CRAB ORCHARD.

Rev. G. W. Perryman will begin a meeting at the Baptist church Tuesday night.

The Teachers' Institute, which was held in Crab Orchard Saturday, was quite a success, notwithstanding the inclement weather.

Alex Beazley sold 70 acres of his farm to J. C. Siler at \$30. J. W. James is buying up the corn in this section, paying \$1 per barrel, and will begin making whisky Dec. 1st. J. C. Siler sold to Lexington parties a gelding for \$150.

The many friends of Mrs. Sue Holmes are glad to see her around Crab Orchard again. Hope she will in the future see proper to make her home among us again. Mrs. Granville Haley is at the point of death. She has been ill quite awhile. Mr. and Mrs. H. D. McClure, of Stanford, spent Tuesday with relatives in Crab Orchard. Mr. McClure has not yet decided what business he will take hold of. Mrs. J. H. Pugh, of Pittsburg, and Mrs. W. R. Dillion, of Livingston, are at Capt. F. W. Dillion's trying to make his sufferings light as possible in giving him the best of good nursing. He is much improved.

At Pompeii a mosaic life-size portrait of a woman, the first antique portrait in mosaic ever discovered, has been found. The workmanship is so fine that it is difficult to discern that it is not a painting.

A boy who smoked 1,200 packets of cigarettes, saved the pictures and sent them to the firm, asking what they would give for them. The answer was as follows: "Smoke 1,200 more and we'll send you a coffin."

W. P. WALTON.

THE result of Tuesday's election, while not as good for democracy as we had hoped, is nevertheless very gratifying. A gain of three congressmen in Kentucky is something to be proud of and the gains elsewhere being sufficient as indicated to wipe out the great republican majority in the House are enough to make all who love democracy feel good all over. The administration has been rebuked and its management of the war condemned. The democrats of New York did nobly and but for a foolish worship of an imaginary hero, Van Wyck would have been elected. New York City was not, however, caught with such chaff, for she gave the democratic candidate for governor 82,000 majority and made a clean sweep of 12 congressmen. In the South republican representation was nearly wiped out, while in the East and West democracy gains, in places occasionally where it was least expected. On the whole it was a pretty good day for democracy and that is why we turn our chicken cock loose and let him crow.

THERE were many secret threats by the soldiers during the time that men were wearing shoulder straps and imagining that they were the whole thing, that when they were mustered out they would "beat hell out" of some of the officers. In most cases the threats were idle and helped soothe injured feelings, but in Chillicothe, O., the other night, they were carried into full effect. Col. Hamilton, of the 7th Ohio, made himself especially obnoxious to his men, and when some of them ran across him after being mustered out, they set upon him and gave him the severest drubbing a man ever got and survived it. We hope the example will be emulated and every tyrannical officer be given a thrashing that will teach him that shoulder straps alone do not make one man better than another.

JUDGE BARKER, of Louisville, delivered a red hot charge to the grand jury the other day in which he claimed that human life was the cheapest thing in Louisville. He had compared results in murder and felony cases and found that a life was worth less than \$20. The Post lays the blame on the Commonwealth's attorney and thinks that the great prevalence of crime there is due to the fact that the case of the State is not properly prepared, whereas all the devices known to the most experienced criminal lawyers are at the command of the gamblers, the lottery vendors and the murderers.

A VETERAN of the Federal army died in Louisville the other day whose name ought to be set in letters of gold and pictures of silver. Though he was wounded in the war and entitled to a pension he declined to claim one, saying that he was able to support himself and did not need the bounty of the government. An exception like this is hard to find. Fully half of the men on the rolls oughtn't to be on them and they would not be if they were as honest as the Louisville man.

THE Courier-Journal was 30 years old Tuesday and Mr. Watterson celebrated the event by sending out a double column editorial about it, which occupied an entire page.

And what the devil was the Times crowing for? Jess because the old hen tried to?

It is said that four and perhaps five of the defeated republicans for Congress in this State will contest. Of course they will. There is money in it for them any way and if the House turns out to be republican, might will give way to right in unseating democratic members.

THE INTERIOR JOURNAL sends greetings to Editor Maret and other good Rockcastle democrats for cutting Davison's majority in the county down over 450. The gray gelding seems to be very much below par in that section.

It is said that Davison is hot in the collar with Yerkes for not carrying Boyle for him after he had put him in office and also has it in for him for speaking in Rockcastle and almost carrying that county against him.

THE calamity that threatened Kentucky in the election of Jones, thereby making the appellate court republican, was happily averted. Hobson is elected by fully 3,000 votes and the country is safe.

THE vote shows that the people are pretty well pleased with the Goebel Election law, which the court of appeals, having dodged the issue, will now proceed to declare constitutionally.

THE Courier-Journal had up two great big roosters, but the people are wondering what it is crowing for. Certainly not because it thinks it did it.

A fool election clerk in Anderson failed to sign the election returns and the rads will try to have the vote of the precinct thrown out.

THE ELECTION.  
IN OTHER STATES.

Georgia's entire delegation are democrats.

Montana's lone congressman is a democrat.

Mississippi's seven congressmen are democrats.

Arkansas returns a full democratic delegation.

New Mexico elected a democratic congressman.

Nevada elected a republican governor and a silver congressman.

Republicans claim Nebraska, but late returns do not bear them out.

In Iowa the republicans elected all their candidates for congress but one.

Kansas elected a republican governor and five out of six republican congressmen.

Potato Patch Pingree was elected governor of Michigan by about 50,000 majority.

Gen. Wheeler was re-elected to Congress in the Eighth Alabama by over 10,000.

Louisiana elected a solid democratic delegation by fully 50,000 when all are added together.

Quay claims that the Legislature elected in Pennsylvania is sure to re-elect him Senator.

Sayres, democrat, carried Texas for governor by 250,000 and all the congressmen are democrats.

Old Virginia, God bless her, sent the two republicans to grass and elected a solid democratic delegation.

Democrats gain two congressmen in Maryland, the delegation standing four republicans and two democrats.

Louisville seems to be democratic again. Every candidate of that party for anything got there this time.

The entire democratic State ticket in Missouri is elected by a plurality of 40,000 and democrats gain two congressmen.

South Carolina democrats elected a full congressional delegation and a State ticket, there being no opposition to the latter.

The democrats have elected Roberts to Congress in Utah and carried the Legislature, which will elect a United States Senator.

New Jersey elected a republican governor by 12,000, and a republican Legislature to choose a successor to Senator Smith.

Republicans claim that the Legislature of West Virginia will be 10 in their favor, which will retire Senator Faulkner, democrat.

McMillin is elected governor of Tennessee by about 18,000. Eight democratic and two republican congressmen are elected, the same as before.

In Florida democrats elect both congressmen and a practically unanimous legislature, the rads and pops together not having over five members.

The entire fusion ticket in Colorado, headed by Charles S. Thomas, democrat, for governor, is elected by a majority approximating about 50,000.

Wisconsin republicans elect congressmen in every district except the second, which is still in doubt. The Legislature is overwhelmingly republican.

For the first time in the history of Idaho women have voted for a congressman and State officers. They took the liveliest interest in the proceedings.

McKinley carried Illinois by 141,000, but it went republican this time less than 30,000. The democrats gained four and perhaps five congressmen in the State.

Walcott, republican, was re-elected governor of Massachusetts by an increased majority, and the democrats made notable gains. They increased their representatives in Congress from one to three.

The republicans carried Delaware, electing the congressional and legislative tickets. A republican United States Senator, probably W. H. Adicks, will be chosen to succeed Gray. Republicans gain one congressman.

Ohio stood by McKinley. It gave a plurality to the republican State ticket of from 55,000 to 70,000 and elected 15 republican congressmen. The democrats gain two, but lose two congressmen, making the delegation stand as before.

California democrats concede that Gage (rep.) was elected Governor by a heavy majority. The Legislature will be republican. Four congressmen were elected by the republicans. The democrats elected two congressmen and the fusionists one.

In Montana the democrats elected the entire State ticket by a comfortable majority. They will have a majority of 40 on joint ballot in the Legislature and will elect a democratic United States Senator to succeed Lee Mantle. The congressmen are also democratic.

The democrats concede Indiana to the republicans by 10,000. The Legislature is republican in both branches. The republicans hold the nine districts carried in 1896, though by a reduced majority in one of them, the fifth. There are already four republican candidates for Turpie's seat in the United States Senate.

It is the unexpected that happens. Contrary to predictions, the election in North Carolina was attended by no bloodshed, and the returns indicate the democrats have elected all nine of their congressmen, all 12 solicitors, 44 out of 50 State Senators, 95 out of 120 representatives, and the State judicial ticket by 30,000.

The election returns establish the fact that the United States Senate will have a republican majority after March 4 next. The present party division of the Senate is: Republicans, 43; democrats, 34; populists, 6; silver republicans, 6. The next will likely be, republicans 48, or two more than a majority over democrats, populists and silver republicans.

In New York the Roosevelt plurality is admitted to be over 18,000, though the republicans claim much more. The Legislature is republican and will elect a successor to Senator Murphy, democrat. In the congressional delegation the democrats gain 12, the borough of Manhattan (New York city proper) sending a solid democratic delegation to Washington.

An Irishman went into an eating house and asked for a square meal. The waiter first brought him a bowl of clear soup, which Pat drank with a relish; the waiter then brought in a lobster, which food went the way of the soup; the waiter next brought in a lobster a minute and then rebelled.

"Madam," he said, "O've drank your dish water and ate your bokay, but O'll be dem'd if O'll tashte the bag."

Chairman Kerr insists that the House will be democratic with 191 members. He claims as certain a gain of 12 members in New York State, 3 in New Jersey, 2 in Massachusetts, 6 in Pennsylvania, 1 in Indiana, 5 in Illinois, 2 in Maryland, 2 in West Virginia, 4 in Virginia, 2 in Alabama, 2 in Missouri, 3 in Kentucky and 3 in North Carolina.

On the other hand Chairman Babcock is certain that 180 republicans and 164 democrats, populists and silver republicans were elected, with 13 districts to be heard from.

Knox gave White 350 majority. Fitzpatrick's majority in the 10th is 1,555.

Madison did well, very much better than Shelby.

At this rate Kentucky will soon be a white man's State again.

Wheeler downed his populist opponent, Reeves, by 5,000 in the 1st.

Boring's majority over White is fully 6,000. Tye's vote was small.

On congressmen, the State seems to have gone fully 20,000 democratic.

The vote is very close in the 9th, but the indications are that Williams has won.

Oscar Turner turned down Walter Evans in the 5th district, Louisville, by 585 votes.

The vote in Laurel, Judge Boring's county, was for him 1,359, White 714 and Tye 142.

Albert S. Berry is again the choice of the 6th, beating his opponent, Donaldson, about 4,000.

Complete returns in Whitley give Jones 1,877, Hobson 506. Boring's majority over White, 428.

John S. Rhea, who made a manly contest, beat Dr. Creel, his still hunt opponent, 2,500 in the 3rd.

Hamblick, independent republican, got only 395 votes in Louisville, the socialist beating him 10 votes.

Alabama returns a solid democratic delegation to Congress, retiring the lone populist elected two years ago.

Bully for Boyle. She had weighed Davison and found him too light for the job, so she gave Gilbert 86 majority.

Settle is re-elected in the 7th district by 5,000 or more. Old Capt. Hardin was too slow to keep anywhere in sight of him in any county.

Lexington elected her entire local ticket and gave Settle over 2,000 majority. Breckinridge in his palmiest days never beat it.

Henry D. Allen had an easy time, getting away with Fowler in the 2d, carrying every county in the district, but Christian. His majority is fully 5,000.

John D. White tells the Barbourville correspondent of the Louisville Dis-

patch that he can prove that Vincent Boring spent \$26,000 in his race and that he will contest the election on that ground.

Dave Smith doesn't look like he can see straight, but he can read his title clear to a seat in Congress from the 4th for the next two years all the same. Blanford wasn't in it a little bit, being nowed under 4,000 or more.

Our friend, G. R. Jeter, made a good fight for assessor of Casey, but Newt Mills, the republican nominee, beat him by the small majority of 275. Judge Jones, for appellate judge, carried the county by nearly twice that number.

These are the men that will represent Kentucky in Congress. Only one lone republican is in the lot, the last named:

First—Charles K. Wheeler,  
Second—Henry D. Allen,  
Third—John S. Rhea,  
Fourth—D. H. Smith,  
Fifth—Oscar Turner,  
Sixth—Albert S. Berry,  
Seventh—E. E. Settle,  
Eighth—G. G. Gilbert,  
Ninth—M. Williams,  
Tenth—T. Y. Fitzpatrick,  
Eleventh—Vincent Boring.

MT. VERNON.

Sore throat prevails to an unpleasant extent here.

Bro. Lloyd A. Ford, of Lexington, preached at the Christian church last Sunday.

The reading by Mrs. Robertson, which was announced for the evening of the 23rd, has been deferred.

There was some whisky about here election day, but the recent killing had put a quietus upon the belligerents.

Brodhead talks very seriously of having electric lights. This seems to be the coming town. The farmers go there to trade in preference to coming to Mt. Vernon, as they can always sell their produce there.

Mr. James Landram and family were called to Pittsburg by the serious illness of Mrs. Landram's father. Mr. Pettus, the accommodating agent of Brodhead, has charge of the L. & N. office during Mr. Landram's absence.

Revs. Pike and Johnson closed a three weeks meeting at the Methodist church at Brodhead with a large number of additions. Six immersions followed the meeting, two going to the Baptist church.

The rally, headed by the log cabin which has preceded elections in the past, did not take place this year. Gov. Bradley was expected to speak for his party, but being unable to come, Judge Holt addressed a small audience of faithful republicans here Monday.

Gilbert's speeches in this county won many voters for his party. The democrats were very hopeful before the election and their rejoicing now is very enthusiastic. One good brother was so excited Wednesday morning that he rushed off to town sans collar and necktie, running the risk of losing his life from sore throat.

The second Matthews brother, who was shot by John Meadows, died last Wednesday. Mr. Fagan, who died the night of the shooting, was Mr. Meadows' principal witness. Mr. F. had long expected to die of heart disease and left instructions with John Luntz regarding his burial. He told the latter where to find his pocket-book and a letter of instructions in case of sudden death. Mr. Fagan left a son and daughter, who are said to be wealthy. His son and son-in-law attended the burial at Pine Hill. He was a man fitted to enjoy the most refined society, but one hasty act cut him off from all that he loved, making him an exile from home.

Mr. and Mrs. E. E. Protheroe were guests of Mr. S. H. Martin. Messrs. Arthur, of Williamsburg, visited Mrs. John Fish. Mrs. Goodin and Mrs. Meadows came up last Wednesday. Mrs. W. J. Sparks was here last Sunday. Judge McClure went to Stanford Wednesday. Mr. and Mrs. M. J. Miller, Jr., Miss Mae Miller and Mrs. Jas. Houk, Jr., went to Lancaster last week to attend the burial of little Annie Laura Miller, infant daughter of Mr. and Mrs. Tom Miller. J. S. Reppert was in town Saturday. Joseph McCall, of Maresburg, came in early Wednesday to hear the good news.

R. B. Kendall, the well-known founder, secretary and general manager of the Kentucky Growers' Fire Insurance Company, and of Central Fire Insurance Company, of Lexington, died from a malignant attack of typhoid fever, aged 41 years. He leaves a widow, formerly Miss Darnall, of Flemingsburg, and three young daughters.

The elder Hamilton laid out the noted Fort Hill, near that city, and the younger built it. When the civil war broke out, Col. Hamilton raised a regiment of cavalry, the 28th Mississippi, and for four years served gallantly for the Lost Cause. He was wounded in the battle of Bull Run and was in a number of other engagements, till he was captured about a year before the close of the war and taken to Fort Douglas, Illinois, and afterward confined in a fort at Boston. On being released at the close of hostilities, he went to Canada and is doing a good business there in the jewelry trade. Col. Hamilton is a man of commanding appearance, being 6 feet 3 and weighing 240 pounds.

Maj. The above shows that the total vote for Gilbert and Davison was 3,167. The total in 1896 was 3,476, divided 1,884 for Davison and 1,592 for Thompson. This shows a falling off of 309 votes in the county, the republicans losing 159 and the democrats 150. The number of votes cast in the highest race in 1897 were 1,808 for Bailey and 1,549 for Dawson, a total of 3,357.

At Crab Orchard the old board of trustees was re-elected by a good majority. Their device was a bee hive and they are as follows: M. J. Harris, W. A. Beazley, Isaac Herrin, Joe McClure and W. L. Bell. John W. Brooks, for police judge, defeated John Edmiston by a majority of 24. Joe A. Shannon for town marshal had no opposition.

By the aid of his 1,000 Negro henchmen, whom he was able to dupe and the several hundred misguided whites, who imagined him a great man, especially when he seemed to have money to burn, Davison carried the county several hundred. Many so-called democrats didn't think the occasion worth their time and didn't vote.

It was the quietest election ever held here. The democrats had little or no money to spend and the rads having everything their own way, there was no pulling and hauling and the floaters took what they could get and then voted as they pleased.

Rowland, re-elected Willis Barnett police judge, by three votes, over Judge T. L. Shelton. Palestine Rogers was elected marshal and Wm. Tapp, John Delaney, Thomas Smith and William Murphy, trustees, the selections being made from both tickets.

The Stanford precincts cut about 100 from Davison's majority of two years ago, but Hustonsville and Crab Orchard behaved badly, otherwise Gilbert might have carried the county.

Davison will contest if the House is republican, you may gamble on that. If it is democratic he will go into his hole and draw it in after him.

Davison cares nothing for the dignity of the position. He made a hand and a half working the floaters here election day.

The bond issue is safe in this county. Out of 2,346 votes cast on the question, only 213 were in opposition.

The election commissioners will open the books and declare the results today.

Lincoln is the only black spot on Gilbert's map.

FINGER SHOT OFF.—John Baker, living near the depot at Crab Orchard, had the index finger of his left hand shot off by the accidental discharge of his shot gun.

SQUIRE BAILEY, who will sell his effects Nov. 24, says that one reason he is going to leave Lincoln is because he wants to live in a democratic county. He will go to Washington county.

THE late fall had kept most all the leaves on the trees until the storm of a few days ago and since then Vallombrosia was not strewn with as many leaves as now cover yards and forests hereabouts.

THE foreman of the section here, W. A. Moberly, is a candidate for first honors on this division of the L. & N. His part of the road is in splendid shape and it is hoped by his friends that he will finish No. 1 in the race.

H. M. BARG, the well known optician of Cincinnati, is at the St. Asaph Hotel, where he will remain a few days. He is well known in Kentucky and around here as a reliable and able optician. No one should fail to see him and secure their glasses, accurately adjusted from him while here. No charge for examination. Prices for glasses are very reasonable. Satisfaction guaranteed.

J. H. Boone sold in Cincinnati this week a car load of butcher stuff at 1c to 3c. He reports the market very dull. Mr. Boone bought of various parties Tuesday a lot of butcher cattle at 2 to 2c.

The experiment stations long ago declared that 100 pounds of ground corn and cob meal go just as far as 100 pounds of pure corn meal, the cob giving it more bulk and rendering it easier of digestion.

The Glasgow News reports a sweet potato four feet seven inches in length—the longest we have seen this season. The potato grew horizontally in a ridge, and was about three or four inches in circumference.

Terhune & Co., bought 70 mules here Monday, 25 yearlings for \$1,140 and 45 colts for \$960. The average price was a shade less than \$30. They were shipped to parties at Hummelstown, Pa.—Harrodsburg Sayings.

The commissioner has reports that fully 40 per cent. of the corn has rotted in the shock and on the stalk, but 15 to 20 per cent. he thinks is a conservative estimate. The condition of the wheat crop averages 96 and the acreage 107. Pastures are fine and average 106.

At G. A. Swinebroad's sale yesterday, household and kitchen furniture and farming implements sold well, pair mules \$215, aged mules \$35.50 to \$60, corn in field sold at \$1.10 to \$1.15. The cattle had not been sold up to the time our informant left. A good crowd was present.

Farris & Whitley sold to John Embry 100 exporters at 4c. They went at once and weighed 1,490. G. W. Dugan also sold to Embry 51, 1,500-pound average, at 4.65. Horace Bowman sold to H. A. Mason, of Louisville, a Berkshire boar, six months old, for \$20.—Advocate.

At the stock pens Monday there were something like 2,000 cattle. Prices ranged from 3c to 5c, the latter price being paid for several bunches not sold by weight. About 50 mules were on the market, but sales were slow. Large mules brought from \$75 to \$100; small mules from \$40 to \$60; suckling mules from \$15 to \$25. The 25 shares of Richmond National Bank stock, belonging to the late Charles F. White, were sold at \$125, 15 shares being bought by Col. J. W. Caperton.—Register.

\$25,500. The advance in price, which  
is the highest in 14 years, is ascribed  
to prosperous business in Wall street.

The damage to the library and re-  
cords of the supreme court by the ex-  
plosion in the Capitol at Washington  
was not as great as at first estimated.

of any man in the world, lies dying at  
his home in New York.

house in Montgomery county, but the  
flames were extinguished. Later How-  
ard's mill was totally destroyed by  
fire—the work of the scoundrels.

aged parents from his cell with foul  
curse, refusing to listen to a single  
word and declaring boastfully that he  
was able to die without the interven-  
tion of any "d-d preacher."

A canal 1,000 miles in length con-  
necting the Baltic and Black seas and  
pouring out at both ends into the mar-  
kets of the world the petroleum and  
grains of Russia, the construction of  
which is to cost a mere matter of \$150,-

### Changed the Subject.

Fauntleroy Boy—Mamma, wouldn't  
it have been grand to have lived in the  
good old times, and had a big castle  
on a hill, and robbed everybody who  
came near it, just like the brave barons  
I read about in that big book? I wish  
I could have been one!

Mamma—Hush! You shouldn't talk  
so.

Boy—Can't I just think about such  
things?

Mamma—No, you sha'n't. Change  
the subject.

Boy—Mamma, when is papa coming  
back to the city?

Mamma—As soon as his summer ho-  
tel closes.—N. Y. Weekly.

A Practical View.

Some children are naturally inclined  
to take a practical view of things. A  
little fellow, aged four, was repeating  
a prayer for his mamma, ending with  
"God bless papa, mamma, grandma,  
brother and sister and everybody."  
"Mamma," said he, "if we had said  
'everybody' at the start it wouldn't  
have taken up so much of God's time."  
—Rochester Democrat and Chronicle.

Quick to Learn.

"I do not love him," she said, "but,"  
she added when she heard about his  
enormous income, "very likely I could  
learn to love him. I have always been  
an apt student."

"Especially good in mathematics,"  
suggested her dearest friend, but  
then, in affairs of the heart it is well  
known that there is no friendship be-  
tween women.—Chicago Post.

Effective Diplomacy.

A certain benedict was in the habit  
of troubling his father-in-law with  
complaints about his wife's behavior.  
"Really, this is too bad," cried the  
frustrated old gentleman one day, on  
hearing of some of his daughter's de-  
linquencies. "If I hear any more com-  
plaints I will disinherit her."  
There were no more.—Tit-Bits.

His Limit.

"I have noticed, Clara," said the fond  
father, "that young Meanboy has spent  
a good deal of time with you lately."  
His daughter sighed.

"You are right, dad," she answered,  
"but that is about all he has spent."

Relies on Estate.

Badger—You say you have so much  
trouble to get paid for services, but I  
notice you have bought a new house  
lately. Some of your patients must  
pay.

Dr. Pellet—They or their heirs.—  
Boston Transcript.

He Missed a Chance.

She—Have you ever formed any idea  
of what an angel really looks like?

He (after some deliberation)—No, I  
don't believe I have.

He found loitering on her rich papa's  
porch unpleasant after that.—Cleveland  
Leader.

Another Immune.

He—Reggy Fitzgibbs has become  
recklessly engaged to any number of  
girls, but he always gets out of it.

She—With decency?

He—Oh, yes; he merely has to go and  
ask their father's consent, and it's all  
over.—Tit-Bits.

A Selfish Invention.

Crawford—Paris is the home of the  
automobile. What I want to know is  
why the French are so anxious to re-  
place the horse?

Crabshaw—So they can eat him.—  
N. Y. World.

For when she ventured into stocks,  
The naughty market "squeezed" her.

### HUSTONVILLE.

The election caused very little ex-  
citement in this vicinity.

Few towns the size of Hustonville  
are on such a boom; buildings are being  
constructed on every corner.

Miss Julia Stagg and little sister,  
Allie, have been visiting Miss Alice  
Cabbell. Miss Edna Powell, who has  
been visiting relatives and friends in  
Missouri and Indiana, returned to her  
home last week. She expects to begin  
teaching in Barren county in a few  
weeks. Dr. L. C. Powell, familiarly  
known as "Dick," is visiting relatives  
here. He is in the optical business and  
has done a great deal of work in this  
vicinity. J. W. Taylor, of La Monte,  
Mo., is visiting relatives here. His  
son, George, who is a member of the  
2d Missouri Volunteers, accompanied  
him. Miss Jessie Powell spent Sunday  
at home.

THE HAVANA LIMITED.—The first  
American railway to announce train  
service for the especial benefit of travel  
to the West Indies has been heard  
from. The Queen & Crescent Route  
are announcing a fast train known as  
the "Florida and Havana Limited." It  
will go into service from Cincinnati  
to Tampa, Jacksonville, Miami, Mobile  
and New Orleans. This exponent of  
the genuine American idea of getting  
into the field early will be a complete  
vestibuled service, with diners, obser-  
vation cars, wide vestibules, electric  
headlights, and all the paraphernalia  
of the modern railroad train. It is  
chiefly to be marked as being first in  
the field for the new territory which is  
just coming under the protection of  
the greatest flag on earth. Train will  
make fast time to ports named and will  
connect with fine steamer service to  
various ports in Cuba, Porto Rico and  
Jamaica. It marks a new era in rail-  
roading in this country.

THE BEST PLASTER.

A piece of flannel dampened with  
Chamberlain's Pain Balm and bound  
on to the affected parts is superior to  
any plaster. When troubled with a  
pain in the chest or side, or a lame  
back, give it a trial. You are certain  
to be more than pleased with the  
prompt relief which it affords. Pain  
Balm is also a certain cure for rheu-  
matism. For sale by Craig & Hocker,  
Druggists.

In Birmingham 37,000,000 pins are  
produced daily, while the other manu-  
facturing places of England are respon-  
sible for about 19,000,000 a day. France  
furnishes the market with 20,000,000  
each day, and Germany and other coun-  
tries yield 10,000,000.

## FIRST NATIONAL BANK

OF STANFORD, KY.

Capital Stock \$100,000. Surplus, \$15,750

Attention of the public is called to the fact that  
this is the only National Bank in Stanford. Un-  
der the provisions of the National Bank Act  
depositors are secured not only by the capital stock,  
but by the stockholders' liability for an amount  
equal to the stock so that depositors of this institu-  
tion are secured by a fund of \$200,000. Five sworn  
statements of the condition of the Bank are made  
each year to the United States Government and its  
assets are examined at stated times by government  
agents, thus securing additional and perfect safety  
to depositors.

This institution originally established as the In-  
dependent Bank of Stanford in 1858, then reorgan-  
ized as the National Bank of Stanford in 1865 and again  
reorganized as the First National Bank of Stanford  
in 1882, has had practically an uninterrupted exis-  
tence for 35 years. It is better supplied now with  
facilities for transacting business promptly and lib-

career. Accounts of individuals, fiduciaries, firms
